

MGM IMSR CSR Visit

Smt. Kamla Raheja Rehabilitation Centre for Paraplegics Vashi Navi Mumbai

Along with Corporate Social Responsibility academic sessions and practical learning, MGM IMSR students visited Smt. Kamla Raheja Rehabilitation Centre for Paraplegics Vashi Navi Mumbai on 26th February, 2019 with great enthusiasm.

Students interacted with paraplegic patients, listened to their brave stories of survival, played games, recited self written poems and sung songs with this young crowd at the rehabilitation centre and really enjoyed. Students also made a small contribution through gifts, fruits & snacks items as a token of our respect. They shared their experiences to students. Students came back with lots of learning. During the time spent with them, it realized that they crave for our love and want us to spend time with them. With an insight into the life of the paraplegics and vowed to visit them again if, only to add a little happiness to a few moments of their lives.

CREATIVE MARKET PLACE

Residents of the Smt. Kamla Raheja Rehabilitation Centre receive training in creating handcrafted stationery, stitched cloth bags, paper bags, soaps and horticultural products. These items are sold as corporate gifts, and are displayed and sold via stalls in schools, colleges and corporate offices. The revenue earned from the sales of these products is shared with the residents, as incentive.
